

Intent to Apply

The Morehouse Parish School Board would like to formally announce our intent to apply for the Louisiana Department of Education's 21st Century Community Learning Center grant for the upcoming 2019-2020 school year. The 21st Century Community Learning Center program has four main priorities:

- 1) To offer a safe haven for students after school;
- 2) To help students meet state and local standards in core academic subjects such as reading and math;
- 3) To offer students a broad array of enrichment opportunities that can complement and supplement regular academic programs; and
- 4) To offer literacy and other educational services to families of participating students.

Our application is due on May 8, 2019 by 2:00 p.m.; however, we will submit our proposal no later than May 1st. We would like to take this opportunity to invite any parties interested in the planning of our proposal to please contact Maria Theresa Yabut at tyabut@mpsb.us or 318-283-3415. Thank you for allowing us to serve the Morehouse Parish community.
